

EXECUTIVE & TECHNICAL TEAM PROFILE

CoMiner Business Group PLC

Our Team: A Multidisciplinary Force

CoMiner Business Group PLC is powered by a multidisciplinary team driven by a shared vision: to elevate professionalism and value creation within Africa's mineral sector. Our diverse backgrounds converge to form a powerhouse of strategic leadership, operational excellence, and regulatory expertise. We blend global exposure with deep, insightful local knowledge, positioning us to navigate the complexities of the African mining landscape.

Our team's strength lies in its integrated approach. From exploration to processing, from legal frameworks to community engagement, we possess the capabilities to manage every facet of the mining lifecycle. We are committed to upholding the highest standards of ethical conduct, environmental stewardship, and social responsibility.

Executive Leadership & Founders

Bikila Daba

General Manager & Co-Founder

A seasoned tech entrepreneur and strategic consultant with over 20 years of experience across Africa, Europe, and Asia. Bikila is the founder of Bikila Techno Center and an expert in cutting-edge technologies including AI, blockchain, automation, and digital transformation. His visionary leadership drives CoMiner's strategic direction and technological innovation.

Tesfaye Megersa

Engineering Lead & Co-Founder

A senior geologist and mining engineer with extensive experience in Ethiopia's Government Mining Sector and leading public enterprise mining operations. Tesfaye brings invaluable international experience from China, Canada, South Africa, and Namibia. His expertise encompasses mine planning, grade control, and efficient field operations, ensuring operational excellence.

Core Technical & Advisory Team

Hanna Mulugeta

Principal Attorney, Legal &
Regulatory Advisor

With over 16 years of experience in corporate and mining law, Hanna has advised on investments exceeding \$500M and 17 major mining agreements. As a former Senior Legal Advisor to the Minister of Mines and Petroleum, she is an expert in contract negotiation, investment structuring, and legal risk management, ensuring CoMiner's compliance and strategic legal positioning.

Zewdu Tadesse

Senior Advisor, Geology &
Hydrogeology

Zewdu brings over 20 years of experience in mineral exploration, hydrogeology, and environmental management. A former Directorate Director at Oromia Mineral Development Authority, he specializes in environmental impact assessments, hydrogeological modeling, and stakeholder coordination, driving CoMiner's commitment to sustainability and responsible mining practices.

Zeryihun Hailu

Senior Mineral Engineer

With more than 18 years of experience in mineral exploration, evaluation, and processing, Zeryihun is an expert in geological mapping, drilling supervision, mineral processing, and resource estimation. He is dedicated to upholding global mining standards and sustainability, ensuring CoMiner's operational efficiency and environmental responsibility.

Synergy & Vision: Redefining Mining Excellence

The collaborative leadership and integrated expertise of CoMiner's team positions us as a vertically integrated, forward-looking mining and mineral enterprise. The synergy between strategic innovation, operational command, and technical-advisory excellence fuels our ambition to redefine mining excellence in Ethiopia and across Africa.

We are committed to professional integrity, driving innovation, and fostering sustainable partnerships. Our vision is to unlock the full potential of Africa's mineral resources while creating lasting value for our stakeholders and the communities in which we operate. We aim to set a new standard for responsible, profitable, and sustainable mining.
