

BUSINESS INTRODUCTORY CREDENTIAL

CoMiners Business Group PLC

CoMiner Business Group PLC

Empowering Africa's Mining Future

Head Office: Addis Ababa, Ethiopia

1. Introduction

CoMiner Business Group is a multidisciplinary and visionary mining and minerals enterprise legally registered in Ethiopia. We deliver professional, end-to-end services across the mining value chain – from exploration and feasibility to design, digital transformation, trading, export facilitation, and strategic partnership development.

We also promote Ethiopia's and Africa's gemstones and mineral wealth on the global stage through transparent trade, ethical sourcing, and sustainable value addition.

CoMiner acts as a bridge between Africa's resource base and international markets, partnering with global entities to drive ethical, profitable, and technologically advanced mining operations.

2. Our Purpose and Foundation

CoMiner was founded to close the gap between what is known and what is practiced in Ethiopia's mining sector – a gap marked by limited professional integration, weak value addition, and underutilized mineral potential.

Our founding team of professionals and entrepreneurs established CoMiner to:

- Professionalize and modernize mining operations in Ethiopia;
- Create structured linkages between miners, investors, and international buyers;
- Ensure that local resources generate sustainable national and regional value.

We stand not just as a business entity but as a continental mining solutions hub for collaboration, trade, and industrial transformation.

3. Vision

To be the preferred solution provider for mining and mining-related activities in Africa – recognized for integrity, innovation, and sustainable development.

4. Mission

To provide innovative, professional, and multidisciplinary services that support all aspects of mine development – exceeding our clients' expectations through dedicated human capital and transformative partnerships.

5. Core Values

Value	Meaning
Integrity	We operate transparently and ethically across all engagements.
Professionalism	We deliver world-class technical and business solutions.
Collaboration	We build long-term partnerships based on mutual growth.
Innovation	We apply advanced technologies and creative approaches.
Sustainability	We balance profitability with social and environmental responsibility.

6. Core Business Divisions

A. Mining Consultancy & Engineering Services

Comprehensive support throughout the mining lifecycle – from exploration to closure.
Services include:

- Feasibility Studies & Technical Assessments
- Geological Mapping & Mineral Exploration
- Resource / Reserve Estimation (JORC, CIM, SAMREC standards)

- Mine Design & Planning (Open-pit & Underground)
- Operational Advice & Owner's Engineer Role
- Mine Closure, Remediation & Rehabilitation
- Environmental & Social Impact Studies

B. Investment & Lender Support

We assist investors, development banks, and financial institutions with:

- Technical Due Diligence & Valuations
- Independent Engineer & Lender's Engineer Reports
- Project Risk Analysis & Compliance Review
- Investment Facilitation and Legal Structuring

C. Gemstone & Mineral Trade Division

A specialized division focused on ethical sourcing, grading, and export of Ethiopian gemstones and minerals including:

- Emerald, Sapphire, Ruby, Opal, Garnet, Tourmaline, and Aquamarine
- Metallic and industrial minerals (Quartz, Feldspar, Mica, Copper, Lithium, Tantalite Ore, Nickel, etc)

Our Gemstone Trade Framework emphasizes:

- Traceability and certification from origin to export,
- Compliance with Ethiopian mining laws, and
- Transparent pricing models tied to international benchmarks.

We also serve as a local operational partner for global gemstone firms – including our ongoing collaboration with New Mirza Gems & Minerals International (Pakistan) – aimed at establishing sustainable bilateral trade channels.

D. Capacity Building & Training

- Local skill development for miners and gem cutters.
- Professional training in mining engineering, geology, and digital modeling.
- Establishment of joint Mining & Gemstone Training Centers in partnership with global institutions.

E. Digital Transformation in Mining

- GIS-based geological mapping and data visualization
- Mine automation, AI-assisted resource estimation, and blockchain-based gemstone traceability
- Digital export and compliance platforms

7. Strategic Partnership & Collaboration

CoMiner builds strategic alliances with international companies, investors, and governments to strengthen Ethiopia's and Africa's mineral economy. Our partnership framework focuses on:

- Ethical global trade of gemstones and minerals
- Joint venture investments for mining operations
- Technology transfer and industrialization
- Co-branded marketing and product development

Through our partnership roadmap, CoMiner and its international partners aim to establish a permanent operational base in Addis Ababa and regional expansion across East Africa, ensuring long-term mutual benefit and credibility.

8. Why CoMiner?

- Comprehensive Expertise – From geology and design to trade and investment.
 - Local-Global Integration – Strong Ethiopian base with international reach.
 - Technical Competence – Feasibility, valuation, and independent engineering.
 - Ethical and Transparent Operations – Fully compliant with national and international standards.
 - Strategic Market Access – Direct connections with buyers, investors, and regulators.
-

9. Clients and Stakeholders

- Mining & Exploration Companies
 - Lenders, Investors, and Development Banks
 - Government Institutions & Regulatory Authorities
 - Law Firms & Consultancy Partners
 - Global Traders & Industry Associations
-

10. Our Specialized Capabilities

- Technical Due Diligence & Valuations
Independent and lender-backed reviews ensuring investment-grade confidence.
- Digital Transformation in Mining
Leveraging GIS, data analytics, and automation to optimize exploration and operations.
- Capacity Building & Training
Development of local professionals and miners through practical, technical education.

- International Collaboration
Partnerships with governments, financial institutions, and technology providers to modernize Africa's mining ecosystem.

11. Legal Credentials

- Registered Name: CoMiner Business Group PLC
 - Country: Federal Democratic Republic of Ethiopia
 - Business License: General Trading & Mineral Export
 - TIN: 0093564045
 - Head Office: Addis Ababa, Ethiopia
 - Email: CoMinerBGPLC@gmail.com
 - Phone: +251 911300466 | WhatsApp: +971 527663165
-

12. Our Commitment

We are committed to responsible growth – ensuring that Ethiopia's and Africa's mineral wealth contributes to industrial development, social progress, and environmental stewardship. Together with our partners, we create value that lasts beyond extraction.

13. Conclusion

CoMiner Business Group PLC stands as a symbol of professional integrity, regional empowerment, and international collaboration in Africa's mineral economy.

We move forward with a mission to connect resources to opportunity, and knowledge to progress – shaping a transparent, competitive, and technologically advanced mining future for Ethiopia and beyond.
